

Tongass Advisory Committee Meeting Agenda

September 10-12, 2014

Meeting Objectives

- 1) Provide informational presentations and discussions regarding the substantive issues before the TAC; and
- 2) Review the types of elements and components to be included in recommendations (including developing an initial set of key questions and a draft process framework for future deliberations)

Location

Travelodge Hotel, Glacier Conference Room, 9200 Glacier Highway, Juneau, Alaska

Wednesday, September 10, 2014

- | | |
|----------|--|
| 8:00 am | Meeting room open |
| 8:30 am | Welcoming remarks |
| 8:45 am | Agenda review, business Items, and updates since previous meeting <ul style="list-style-type: none">• Review and approve operating procedures• Miscellaneous updates |
| 9:30 am | Presentation – Tongass Forest Plan Amendment
<i>Overall architecture of the Plan Amendment, timing and sideboards, relevant plan components, relationship between timber and other resources, overview of the inter-disciplinary team (IDT), current IDT progress on FP Amendment, initial agency momentum on changes to the 2008 Forest Plan per 2012 Planning Rule Requirements, and status of EIS Contract (Susan Howle, Project Manager, Tongass Forest Plan Amendment)</i> |
| 10:15 am | Break |
| 10:45 am | Discussion – Tongass Forest Plan Amendment <ul style="list-style-type: none">• What are the key questions relative to the Amendment that need to be addressed by the TAC? |

- *Is there any additional information needed beyond what is already available regarding Amendment issues to begin addressing those key questions?*

12:00 pm Lunch

1:00 pm Presentation – Young growth on the Tongass
What is currently known from a range of sources about the geographic, species, and age-class distribution of young growth on the Tongass and in the region (and uncertainties associated with the data), as well as the legal, regulatory and ecological constraints to accessing and/or harvesting young growth, planned harvest schedules, etc. Note: We anticipate having some GIS capability on hand to help address questions regarding spatial distribution of young growth. (Ben Case, Young Growth Coordinator, Tongass National Forest and Sheila Spores, Forest Silviculturalist, Tongass National Forest)

1:45 pm Discussion – Young growth on the Tongass

- *What are the key questions about young growth that need to be addressed by the TAC relative to the transition to primarily young growth harvest?*
- *Is there any additional identification needed beyond what is already available to begin addressing those key questions?*

3:00 pm Break

3:30 pm Discussion continued – Young growth on the Tongass

5:00 pm Adjourn

Evening - No host social event, details TBD

Thursday, September 11, 2014
