

Location:

The Thorne Bay Ranger District Office is at 1312 Federal Way, Thorne Bay AK, but unfortunately that can be a bit misleading, because when you come into town (there's only one way into town), you continue straight up Sandy Beach Road and **take the first left, at USFS Drive!** Note that the turn immediately after that is actually Federal Way, and takes people through the rest of our compound/facility. USFS Drive is the one that has our main office though, with a large parking lot. This image with the red pin over the office could be referenced if helpful:

I imagine most people are familiar with where it is, but if they need better instructions let me know. The main entrance to the office is obvious, and there is a front desk person as soon as you walk in. The conference room where this meeting will be held is immediately to the right and will also be obvious upon entry.

If anyone is traveling in and is unfamiliar, they should not expect much of anything in Thorne Bay for lunch before the meeting. There is the Thorne Bay Market, or the Port (labeled as the Post Office above) where snacks and small bites to eat could be gotten, but expectations should be low, and they would be best off getting something from Klawock first before they come across.
